Education

University of Rajshahi

Rajshahi, Bangladesh

BSc in Information and Communication Engineering

CGPA: 3.58/4.00 | Dec 2021 – Jun 2026

Coursework: Data Structures & Algorithms, OOP (Java), DBMS, Computer Networks, Software Engineering, Artificial Intelligence, Cryptography

Competitive Programming & Achievements

- **CodeChef (2 Star):** Achieved a maximum rating of 1460. codechef.com/users/ibrahim_898
- **Codeforces:** 850+ problems solved. codeforces.com/profile/ibra_898
- **LeetCode:** 1527 rating with 300+ problems solved. leetcode.com/u/ibra_898

Skills

Languages: C, C++, Python, JavaScript

Backend & Databases: Node.js, Express.js, PostgreSQL, MongoDB, Supabase

Frontend & Mobile: React.js, Flutter, HTML/CSS

Tools & DevOps: Git, GitHub, Docker, Postman, Redis

Core Concepts: Data Structures, Algorithms, Operating System, Computer Network

Projects

GateFlow API Management Control Plan

getflow-tau.vercel.app | github.com/Ibrahim-898/GetFlow

Tech Stack: React.js, Node.js, Redis, PostgreSQL, Docker

- Developed GateFlow, a comprehensive API management platform for simplifying, securing, and monitoring API usage for developers and enterprises.
- Built an API Gateway system for routing and managing client requests across services.
- Implemented a Rate Limiting Engine to control API traffic per user, API key, and endpoint to prevent abuse.
- Designed an API Key Management and Authentication system for secure access control.
- Created a developer dashboard to manage API keys, monitor usage metrics, and configure rate limits.
- Integrated observability features including request logging, performance tracking, and alerting for system monitoring.

ExamPrep Smart Exam Preparation Mobile App

github.com/Ibrahim-898/ExamPrep-App

Tech Stack: Flutter, Supabase, Dart

- Developed a mobile app that enables students to practice quizzes and mock exams, track performance, and improve learning through structured assessments and feedback.
- Implemented quiz engine with multiple question types (MCQ) and timed mock exams.
- Added revision notes to enhance student engagement.

Experience

IEEE RUSB CS Chapter

Rajshahi, Bangladesh

Volunteer

Jun 2022 – July 2023

- Helped executive committee to organize technical seminars and student-focused events.
